Summary: On April 19, 2004, Matthew Freedman, attorney of The Utility Reform Network (TURN), met with Brian Prusnek, advisor to Cmmr. Kennedy, in San Francisco. Three hearing room exhibits that have been admitted into the evidentiary record were used. Freedman expressed his concerns about the grid-reliability solicitation conducted by San Diego Gas & Electric Company (SDG&E) and the direct involvement of the Commission staff in the negotiations between SDG&E and Calpine. In addition, Freedman explained the importance of linking any waiver of the affiliate procurement transaction ban required for SDG&E's acquisition of the Palomar plant to an agreement by Sempra Energy Resources to renegotiate its long-term supply contract with the California Department of Water Resources. Finally, Freedman expressed strong opposition to the ratemaking treatment requested by SDG&E for both the Palomar and Otay Mesa transactions.

Joint Application of California-American Water Company (U 210-W), a California corporation, RWE Aktiengesellschaft, a corporation organized under the laws of the Federal Republic of Germany, Thames Water Aqua Holdings GmbH, a corporation organized under the laws of the Federal Republic of Germany, Thames Water Plc, a corporation organized under the laws of the United Kingdom and Wales, and Apollo Acquisition Company, a Delaware corporation, for an order Authorizing Apollo Acquisition Company to merge with and into American Water Works Company, Inc., resulting in a change of control of California-American Water Company, and for such related relief as may be necessary to effectuate such transaction.

Summary: On April 19, 2004, Edward W. O'Neill, outside counsel for the County of Santa Cruz (County), met with Cmmr. Brown in San Francisco. Also present was Mark W. Stone, Supervisor, for the County. O'Neill stated that RWE Aktiengesellschaft (RWE), Thames Water Aqua Holdings GmbH (Thames), American Water Works Company Inc. (AWW), and California American Water Company (Cal-Am) committed to pass through 100% of the savings achieved through the RWE/AWW merger to ratepayers, but have not done so in Cal-Am's pending general rate case. O'Neill stated that RWE and Thames assured the Commission that they would recover the acquisition premium they paid for AWW solely through future growth in regulated and unregulated business and would not seek to recover any portion of this premium from ratepayers, yet the net effect of the Proposed Decision would be to permit

RWE and Thames to recover their acquisition premium by permitting Cal-Am to charge rates substantially above its actual costs of providing service. Stone stated that the rates Cal-Am charges Felton District ratepayers are far above the rates charged by the neighboring San Lorenzo Valley Water District (SLVWD) and there is considerable interest among Felton District ratepayers in a public acquisition of the Felton District to recombine the Felton system with SLVWD. O'Neill stated that the County is urging the Commission to hold RWE, Thames, AWW and Cal-Am to the commitments they made in seeking Commission approval for the merger and to deny the application to increase rates until all of the savings related to the RWE/AWW are properly accounted for and passed through to ratepayers. O'Neill added that the County is also asking the Commission to modify D02-12-068 to ensure that Cal-Am's rates in the Felton, Larkfield and Sacramento Districts are set on a fair, equitable, cost of service basis in the future.

Summary: On April 19, 2004, Edward W. O'Neill, outside counsel for the County of Santa Cruz (County), met with Tim Sullivan, advisor to Cmmr. Kennedy, in San Francisco. Also present was Mark W. Stone, Supervisor, for the County. Written materials (attached to the notice) were used. O'Neill stated that RWE Aktiengesellschaft (RWE), Thames Water Aqua Holdings GmbH (Thames), American Water Works Company Inc. (AWW), and California American Water Company (Cal-Am) have failed to comply with the commitments they made in seeking approval of the merger in A02-01-036 and the conditions imposed by D02-12-068. Stone stated that Felton District ratepayers are very concerned about the high rates. Stone noted that AWW and RWE both promised significant savings in seeking Commission approval for their acquisition of the system and have done nothing but seek to raise rates over 50%. Stone stated that RWE, Thames, AWW and Cal-Am should be held to the commitments they made in seeking Commission approval for the merger; at a minimum, Cal-Am's pending application to increase rates should be denied until all of the savings related to the RWE/AWW are properly accounted for and passed through to ratepayers as promised by RWE, Thames, AWW and Cal-Am. O'Neill added that in addition to denying Cal-Am's application to increase rates in the pending general rate case, the Commission should also grant the County's petition to modify D02-12-068 to ensure that Cal-Am's rates in the Felton, Larkfield and Sacramento Districts are set on a fair, equitable, cost of service basis in the future.
